

## The Future of ATMs in a Sleek Upscale Package

Genmega introduces the Onyx series ATM. A new, modern, upscale design containing a set of standard features that are sure to impress, the Onyx provides the latest in ATM technology for any market. Whether in a hotel, club or gas station, the Onyx ATM provides the look of a high-end financial ATM to reassure customers and encourage transactions.

The Onyx boasts features which include a 10.1" wide LED-LCD, an optional 12" touch screen, as well as a reflective front bezel panel for customer security, and lighted-touch function keys. In addition to custom on-screen advertisements or branding an optional 3" printer allows for receipt graphics. The Onyx ships fully compliant for EMV, PCI-EPP and ADA.

The Onyx supports a full range of dispenser options to meet any needs or capacity, including a presenter and multiple cassettes. The Onyx supports all Genmega dispensers or can be ordered as a shell for use with your existing CDU. The Onyx has an all new UL291 vault with an inset door and is available with both dial and electronic locks.
